## EDUCATION

---

- **Zhejiang University** Hangzhou, China  
*B.S. in Computer Science and Technology; Rank: 1/30 in Chu Kochen Honors College* Sep. 2022 - Present

## RESEARCH EXPERIENCE

---

- **ZJU-Scaling Logger** Hangzhou China  
*Undergraduate Intern* Nov. 2024 - Present
  - I am leading this research project as the **independent first author**, focusing on RL training and multi-agent interaction.
  - Train the model to communicate with other agents using RL, thereby improving its reasoning ability.
  - Implement LLM training using the veRL framework.
  - I am under the supervision of Prof. Linchao Zhu.
- **CausalML Lab** Hangzhou China  
*Undergraduate Intern* Jul. 2024 - Feb. 2025
  - Mainly focus on LLM attention mechanism.
  - LLM is guided by the strong supervision of the teacher model to assign higher weights to key tokens.
  - I was under the supervision of Prof. Kun Kuang.
- **Interactive Data Group** Hangzhou China  
*Undergraduate Intern* Aug. 2023 - Jun. 2024
  - Leverage LLM's problem-solving ability to assist with data visualization analysis.
  - Use LLM as sports agent to simulate tactic adversarial interactions.
  - Model sentiment analysis of social media and pilot it in the enterprise.
  - I was under the supervision of Prof. Yingcai Wu.
